

Dear Basket Range Sharing Shed,

Thank you for giving our local community a special place to freely share our garden produce, seedlings, seeds, jams and pickles made from our fresh produce, jars and egg cartons and all things gardening.

Thank you too for the book shelves which are always brimming with a wide range of books and magazines for all tastes and ages.

You served our community well as a bus shelter before you were abandoned and eventually started to look like an unloved and lonely has-been.

Now with the termites evicted and your special paint job, you've become a much-loved place which has brought out the best in our community.

We know you haven't seen a bus go past for many years but we won't let you become neglected again.

Do you know how much we love you?

Thank you for being there for us.
