

Dear Springwood Farm Berries,

What a treasure you are! And how much we adore having you so close to our house.

We like to walk to your stall. The anticipation of the delicious treat to come means that even the littlest legs somehow manage to find the energy to make it up the hill!

And then, when we arrive: the most wonderful creamy icecream imaginable. Raspberry (my favourite!), rhubarb, blackberry- so many choices! And such a beautiful shady spot to sit, overlooking the paddocks.

Every time we come, we end up sighing with joy that such a place exists, and how lucky we are to call Summertown home.

Thank you for helping us to build wonderful family memories.
